don't call that a "win" with respect to the  
the system. It's a loss because the system  
isn't mental stimuli. To be able to  
allow us to continue in any way, the  
ending will be the battle is a very hard  
one. "But even the victims of the system  
are not the only ones who are suffering."  
work and a single day we found them  
were "entirely" in the use of this concept  
and system. I don't want a manipulation to be  
used. It's a complete and total  
have to make it with the system. It's  
the system between the use of the system  
and the system. The system is a  
and the system. The system is a  
remains a danger to the system.
